About me

Design System Manager and UI Lead with 6+ years in digital product design, specialized in token architecture, governance, and design system scaling. I lead FrYDA, Yanbal's corporate design system, cutting handoff and development time by 30-40% through tokenization and reusable libraries. I pair product judgment with technical fluency (Token Studio, pipelines, Storybook, Stencil.JS) to bridge the gap between design and engineering.

Experience

Design System Manager & UI Lead, Yanbal ⓘ 08/2025 – Present | Lima, Perú

Leading FrYDA since its creation in 2023; role formalized as Design System Manager in 2025. Established the single source of truth for product, design, and engineering across a multi-country operation.

- Architected the tokenization strategy: **37 components** in the second NPM package, ready for development consumption.
- Cut **handoff and development time by 30-40%** by eliminating per-project component libraries.
- Defined the **adoption, contribution, and governance models** and semantic versioning that sustain the system.
- Coordinate a **cross-functional team of 10** (external UI, UX/UI, Product Designers, and interns) across 4 countries.

Product Designer / Diseñador UX/UI, Yanbal ⓘ 01/2020 – 07/2025 | Lima, Perú

- **Nueva MAYA** (commercial platform for the sales force): end-to-end design. Raised adoption to **95% among Directors** and **39% among Consultants** (vs. 80% and 25-32% in the previous version) at the corporate level.
- **New Onboarding & Credit**: field research with **20+ Directors and 30 Consultants** across Colombia and Peru; validated hypotheses through a pilot in Colombia and redesigned the product, scaling it into regional development.

Diseñador UX/UI, Humantech ⓘ 05/2019 – 12/2019 | Lima, Perú

Led user research and the full flow from wireframes to high-fidelity prototypes, iterating on usability testing alongside UI and development.

Earlier experience (2016–2019): Sr./Jr. Designer at JCDecaux and agencies — digital, graphic, and advertising design.

Education

B.A. Graphic Design 2010 – 2016 | Lima, Perú

UCAL, Universidad de Ciencias y Artes de América Latina

Additional: JavaScript Certification (freeCodeCamp, 2026) · Design System Manager (Design System Camp, 2024) · UX/UI Design (Interaction Design Foundation, 2018–2021) · User Experience Design (Repensar Educativo, 2019)

Skills

Design Systems & Governance

Token architecture · Token pipelines · Versioned NPM libraries · Semantic versioning · Adoption, contribution & Governance models · DesignOps

Front-end Development

HTML5 · CSS3 · Astro · JavaScript · React.js · Stencil.JS · Tailwind · Git & GitHub

Soft Skills

Technical leadership · Cross-functional Team Coordination · Stakeholder communication · Strategic product thinking

UX/UI

User research · prototyping · usability testing · handoff · Atomic Design · Human-Centered Design

Tools

Figma · Token Studio · Storybook · Notion · Lovable / Figma Make / Claude
